

Affiliation

**Research Interest**

Graph Theory, Complex Networks, Extremal Combinatorics.  
Industrial Organization, Computational Social Science, Decision Theory, Contract Theory & Applications, Operations Research, Finance & Financial Mathematics, Network Economics, Game Theory, Microeconomics, Macroeconomics.

**Academic Appointments**

**Education**

**Honors and Awards**

**Grants**

**Ph. D Students**

**Other Educational Activities**

2020-2021: Second Year Essay: Brownian motion and its applications in finance (Supervisor: Kim Minhyong)

2021: Warwick/SJTU Global Challenge

2021: A First Journey to Extremal Combinatorics (Supervisor: Hong Liu)

2021-2022: Third Year Essay: (Supervisor: )

2021-2022: Reading Module (Supervisor: )

2022: BSM Summer Research

2022: Warwick Summer Research

2022: A Research in Combinatorics (Supervisor: )

Other Professional Activities

**Talks**
